COMMONWEALTH OF PENNSYLVANIA
HARRISBURG

Mr. James Miller, President
PPL Electric Utilities Corporation
2 North Ninth Street
Allentown, PA 18101-1179

Dear Mr. Miller:

As you are aware, there is a great deal of concern among Northampton County residents and government officials regarding proposed Route C, being considered by PPL Electric Utilities Corporation for a high voltage power line to run between Berwick, Pennsylvania and Roseland, New Jersey. We recognize that during the past month, you held two public input workshops in Northampton County; however, there remains a concern in our area that PPL has not held a public workshop in one of the municipalities that would be *directly* affected, if Route C became PPL's choice to install a new power line.

Recently, the County of Northampton requested that we join efforts with them to request that PPL conduct an additional public meeting in one of the municipalities in Northampton County by which proposed Route C would pass through. Therefore, we write to you today to respectfully request that PPL consider holding a public meeting in one of the following municipalities: Lehigh, Moore, Bushkill, Plainfield, Washington, and Lower Mt. Bethel Township, in Northampton County, to discuss the effects that proposed Route C would have upon our region, if chosen as the vehicle to upgrade the transmission system. The purpose of this meeting would be to further give an opportunity to residents in our respective legislative districts to voice their opinions, ask questions and create an open dialogue with PPL.

We thank you in advance for your attention and we hope that you give full consideration to our request. As always, if you have any questions or would like to discuss this matter further, please do not hesitate to contact our offices.

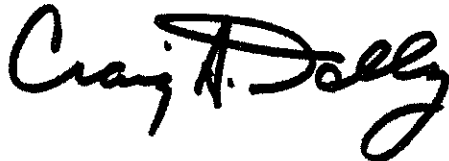

Sincerely,

Richard T. Grucela, Member
